PETITION FOR WITHDRAWAL OF ABANDONMENT

Sir:

Applicants petition that the abandonment of the above-identified application be withdrawn.

On June 19, 2003, the Patent Office called the undersigned and inquired whether a response to a restriction requirement had been filed by Applicants. The undersigned reviewed his file and discovered that neither the undersigned nor his firm (as attorneys of record) had ever received a restriction requirement in this application. In fact, we still have not received the restriction requirement nor the notice of abandonment for this application.

Applicants have no intention of abandoning this application. If such a restriction requirement had been received, a response would have been filed prior to the expiration of the time period for responding. However, no such restriction requirement has ever been received for this application.

The undersigned states that upon penalty of perjury, based on knowledge and belief, all of the above statements are true.

Accordingly, it is requested that the abandonment be withdrawn, and a new restriction requirement issued and sent to the undersigned.

Please charge our deposit account 50/1039 for any fee due for this petition.

As this abandonment was not Applicants' fault, a refund of the petition fee is respectfully requested.

Acknowledgment of the active status of this application is respectfully requested.

Favorable consideration is earnestly solicited.

Respectfully submitted,

Date: *June 19, 2003*
